

Om Hring Kling Mantra

This is Swami's music to the Sanskrit beeja mantra "Om Hring Kling". This mantra is used for dispelling obstacles within oneself, as well as in the outside world. It allows for a free flow of energy in a situation. Swami wanted to mention that a pundit in India told him that it was unorthodox to set beeja mantras to music, but those of us who use the mantra have found it to be a great help to have the music with it.

Swami has corrected both the notes and the timing, and this is the most updated version. (You might want to count it in eight like this:)
